Partnering with the Food Bank:

Partnering with the Regional Food Bank helps schools provide nourishing meals to their students most in need.

The Food Bank creates weekly menus for each school and provides administrative structure and support for the Program. Menus are drawn from the Food Bank's large inventory to provide diverse foods at low cost.

Schools partner with the Food Bank to pick up the food, pack the bags, distribute bags to students, and locally support the Program.

Partner schools work with businesses, individuals, and community and religious organizations to financially sustain the Program.
