Food Bank**
OF NORTHEASTERN NEW YORK

2022 impact report

mission and vision

The mission of the Regional Food Bank of Northeastern New York is to lead a network of partners to alleviate hunger, prevent food waste, and nourish the communities we serve.

Our vision is that all people have the nutritious food they need to thrive.

from the ceo

Dear Friends,

The 2022 Impact Report provides an opportunity to look back on our rich history, celebrate the present, and look forward to future opportunities.

This year represents our 40th year of service. What started as a grassroots effort of dedicated individuals working out of the Central Warehouse has grown to a robust operation employing over 100 people in a large distribution center in Latham and a satellite facility in the Hudson Valley. In 1982 we may have thought that hunger was a temporary challenge. We now know that is a pervasive problem in our community that requires our efforts, attention and resources.

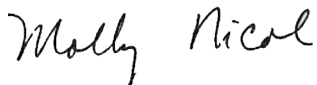

2022 represents an amazing year of service to our hungry neighbors. Despite serious disruptions in the supply chain, our staff managed to acquire and distribute over 45M pounds of nutritious food - nearly 38M meals. These meals were provided to seniors, children, families and adults, most of whom are working one or two jobs to provide for their families.

We could not do our work without our strong network of partners. Most of our products are donated by manufacturers, retailers, and farmers who generously give from their excess. This food is inspected, sorted, boxed and inventoried by 18,000 volunteers! Our food is distributed with the help of over 850 distribution partners including food pantries, soup kitchens, schools, and shelters. We are grateful for the efforts and teamwork of all of these groups and celebrate our partnership.

Looking forward, we anticipate continued challenges with the economy sending more hungry people to our doors. We have just completed a strategic plan committing our resources and efforts to equitably distributing sufficient food throughout our area. We are committed to sourcing enough product to address the unmet need. We are committed to providing nutritious and culturally relevant food. We are committed to investing in our staff, our infrastructure and our fleet. We are committed to reducing waste in the food system.

We are also counting on you, our supporters, to continue to help us meet our mission. Thank you for helping us for 40 years. We look forward to working with you to alleviate hunger and help our neighbors thrive.

Sincerely,

Molly Nicol
Chief Executive Officer

from the director of the food bank of the hudson valley

Dear Friends,

John van Hengel, a retired businessman, volunteered at a soup kitchen trying to find food to serve our neighbors facing hunger. One day, he met a desperate mother who regularly rummaged through grocery store garbage bins to find food for her children. She suggested that there should be a place where food could be stored for people to pick up rather than being thrown away —similar to how “banks” store money for future use. With that, an industry was born. Mr. van Hengel established St. Mary’s Food Bank in Phoenix as the nation’s first food bank. Word of the food bank’s success quickly spread, and states began to note. Today, there are 200 food banks in Feeding America, the national food bank network.

As Director of the Food Bank of the Hudson Valley, I frequently speak to our donors. Today, while chatting with a man who made a sizeable donation, he shared with me why he is so determined to make sure as many people as possible have food to eat. When he was 16 years old in the 1960s, he was sleeping on a park bench while still going to high school. Yet even though he slept there in the middle of winter, he said lack of food was his major problem. Back then, there were no resources where he could access food. He persevered, working his way through high school and college, and became quite successful. He gives to the Food Bank that serves the area where that park bench once stood.

We are excited to have broken ground on the new 40,000 square foot distribution center in Montgomery, NY replacing our current location in Cornwall-on-Hudson that we outgrew back in 2016. Because of people like John van Hengel, that visionary mother, our generous donors, and each of you, we are working towards the day when everyone has access to the nutritious food they need to thrive.

All our work could not be possible without you, and we thank you again for your outstanding generosity that sustains it.

Gratefully,

Sara Gunn
Director, Food Bank of the Hudson Valley

45,195,258 pounds were distributed in 2022 throughout 23 counties of New York, the equivalent of **37.7 million meals.**

In any month, over **350,000 individuals** are served by **858** partner food pantries, soup kitchens, and emergency shelters.

To help our partners provide the best service to our neighbors in need, the Food Bank offered 17 virtual trainings in 2022 on topics such as food safety, cultural responsiveness, social media, understanding implicit bias, and assessing community need, as well as quarterly Town Hall meetings with our CEO. Additionally, our staff visited 649 of our partners to ensure compliance with food safety standards, help build capacity to better meet the needs of our neighbors experiencing food insecurity, and update our partners on Food Bank and Feeding America policies.

Our fleet of trucks and dedicated team of drivers traveled 421,000 miles in 2022 delivering food and picking up donations, the equivalent of 1,619 miles each day!

program highlights

Regional
Food Bank
OF NORTHEASTERN NEW YORK

Mobile Pantry Program

Not every community we serve has a pantry, which makes it hard to provide equitable access to our neighbors. In 2022, we launched the **Mobile Pantry Program** to provide food pantry distributions to residents in four communities that lack brick-and-mortar food pantries and nearby grocery stores. We deliver nutritious food to centralized locations where participants choose the items that meet their household's needs. We will expand to additional sites in 2023.

Children's Programs

The Food Bank's **BackPack Program, School Pantry Program and Summer BackPack Program** provided over **2.4 million meals to 10,000 children and teens** throughout the school year. In addition to weekly food bags, these programs provided personal hygiene items, school supplies, and holiday baskets to help children across our 23 county service area.

Senior Food Delivery Program

Low income seniors without their own transportation face a unique barrier to accessing fresh food. In partnership with low income senior housing sites, the Food Bank's Senior Food Delivery Program delivers nutritious food to low income seniors at their housing facilities every other week, ideally during weeks when transportation to a grocery store is unavailable. **1,300 seniors at more than 20 senior housing sites** participate in the program.

Culturally Responsive Food Initiative

Food pantry guests from different cultural backgrounds may have different food preferences, experience language barriers, or feel uncomfortable going to pantries. Thanks to a grant from CDPHP, the Food Bank conducted research to determine which foods are most desirable throughout our network, added them to our inventory, and provided a "Food & Culture" series of trainings to our partner network to increase awareness of culturally sensitive diets.

Retail Store Donation Program

The Retail Store Donation Program enables the Regional Food Bank to increase our emergency food distribution by collecting food from participating grocers that would otherwise be thrown away like meat, dairy, and produce. In 2022, **12.4 million pounds of food were rescued from 228 stores across 17 retailers, providing 10.3 million meals** to our neighbors in need.

Just in Time Delivery Program

Many of our partner pantries have to limit the amount of fresh food they provide due to lack of space to store or transport these products. The Food Bank's Just in Time Delivery Program brings **produce, dairy, and other perishable food** to pantries 'just in time' for distribution, without them having to transport or store it. The Schenectady Foundation and the Seymour Fox Memorial Foundation offered generous support to pilot this program.

food distribution by category

Fruits and Vegetables: 39%

Protein: 25%

Dairy: 15%

Grains: 13%

Entrees, Soups, and Prepared Foods: 6%

Snacks: 2%

89% of the food we distributed is comprised of healthy staples like fruits and vegetables, grains, dairy, meat, and other protein.

And in addition to food, the Regional Food Bank also provided 1.7 million pounds of non-food items like household paper products, personal hygiene items, cleaning products, and more. These are items that cannot be purchased using SNAP benefits and are extremely valuable to our network of partner agencies and our neighbors in need.

Food Farmacy

For food insecure individuals with chronic disease, Food as Medicine provides access to healthy foods and nutrition education to help manage diet-related symptoms of diagnoses. In our pilot program with St. Peter's Health Partners, participants' **A1C measurement of blood glucose dropped from 10.13% to 6.78%** after 12 weeks.* We are excited to expand this program in 2023.
*The American Diabetes Association recommends an A1C less than 7%.

Just Say Yes to Fruits & Vegetables

JSY helps individuals and families gain the knowledge and skills needed to make healthy food choices. JSY nutritionists provide practical fruit and vegetable nutrition education sessions at various community sites emphasizing frozen, canned, and dried products, as well as fresh fruits and vegetables. They provide easy, low-cost recipes, and tips for planning and preparing delicious, healthy meals.

Nourish New York

Nourish New York provides food banks with funds to **purchase surplus agricultural products from NYS growers** and producers that are then provided to people in need. In 2022, Nourish New York provided us with over **3.1 million pounds of food** including dairy, eggs, produce, pasta, and more from **20 New York State growers and producers.**

Patroon Land Farm

The Regional Food Bank, in partnership with the Patroon Land Foundation, manages a farm that grows large quantities of high-quality vegetables and supplies the Food Bank with diverse, fresh produce to people in need. **40,000 pounds of produce** were harvested in 2022.

focused on nutrition

Chris, Dwayne, and Dont'a from our distribution team take great care to ensure our display coolers look inviting and organized.

alleviating hunger...together

A volunteer from Fenimore Asset Management assists a partner agency with loading their vehicle at an order pick-up site in Cobleskill.

It takes a community to alleviate hunger. Our partners, volunteers, and donors make it possible.

Photo by Fidelis Care

18,064 volunteers contributed **52,871** total volunteer hours - the equivalent of **25** full-time employees! More than 2,500 of those volunteers were first time visitors to the Food Bank!

We hosted our volunteers at five different sites: the Regional Food Bank's main warehouse, the Selina Drive warehouse, the Patroon Land Farm, Crossgates Mall, and the Food Bank of the Hudson Valley's warehouse.

For years, our dedicated volunteers worked in various spots throughout the Food Bank and at numerous off-site locations.

In November, thanks to the support of a generous community, we unveiled our new dedicated volunteer sorting space within our Latham distribution center: a space solely for our volunteers that gives the Food Bank the flexibility to maneuver the layout as needed and accommodate larger groups.

Due to capacity constraints at our satellite facility in Cornwall, 60% of the food distributed in the southern six counties of our service area is transported from our Latham headquarters. In 2021, we launched an initiative to build a new, larger distribution center in the Town of Montgomery. In 2022, we were awarded a \$10.7M grant from the Community Development Block Grant CARES program administered by New York State Homes and Community Renewal for the project. The new space is expected to be completed in 2024 and will enable us to provide a greater variety of food, better access for food donors, and improved service to our partner agencies.

In 2022, we received **25.9 million pounds of donated food** and products from 367 donors including distribution centers, farmers, foodservice companies, manufacturers, retail stores, truckers, wholesalers/brokers, and Feeding America, along with hundreds of businesses and community members who came together to host food and fund drives.

Monetary contributions from individuals, corporations, clubs, Food Bank fundraisers, and community events assist with our daily operations and provide valuable program support, allowing us to strengthen operations and innovate.

your gifts in action

"I have families that no longer worry about being hungry. I have students who's faces look fuller because they are eating healthy. I have mothers who are able to keep their pride while feeding their children. [Because of this Program,] I have built meaningful relationships with the families I serve. I cannot fully articulate what our Program has done for our families and the change it has made in our school culture. Thank you from the bottom of our hearts."
-School Pantry Coordinator

thank you

The staff of the Regional Food Bank and Food Bank of the Hudson Valley would like to extend a special thank you to all who helped us in 2022 with food donations, fundraising, volunteer efforts, and more.

We are grateful for the time, energy, and resources our generous community provided to ensure we were able to help as many people as possible during a time when it was so desperately needed. We couldn't do it without you!

how you can help

make a financial or in-kind donation

Monetary donations sustain the Food Bank and enrich the community by providing nourishment, dignity, and hope to all involved. Funds come from contributions, grants, and special events, and each donation makes a meaningful difference. In-kind donations come in many forms, from printing to paving and more. These donations allow the Food Bank to provide more food to hungry people.

donate time and talent

Volunteers are vital to the Food Bank's operation and contribute in countless ways. Sorting food, picking produce at our farm, or raising money at a fundraising event—there are endless varieties of enjoyable, rewarding tasks that volunteers perform every day.

donate food

Food donations are at the core of the Food Bank's work. Food companies donate their edible but unsaleable food, and individuals and organizations conduct food drives at all times of the year. Non-food items like personal hygiene items, paper goods, and cleaning supplies are also donated. These products are provided to food pantries, soup kitchens, and other agencies serving people in need.

spread the word

Did you have a great time volunteering or attending an event? Spread the word! Let your friends know, and encourage them to get involved too! Find us on social media to keep up with what's going on at the Food Bank, and share our pages with your friends. Help us advocate and make sure your elected officials know you care about food insecurity. With your help, we are alleviating hunger...together.
