Current Action Items

- Secondary Contact**
You currently do not have a secondary contact for your organization.
Add a secondary contact to increase your profile completion percentage.
[Add Contact](#)
- Food Safety Fact**
Keeping foods out of the temperature danger zone, the temperature range between 41F - 135F, will prevent temperature abuse.
[Dismiss](#)
- Food Safety Fact**
When transporting foods, it is important not to cross-contaminate foods with other products so try to not store any foods over other foods. If that is not possible due to limited room, always place frozen items over refrigerated items to prevent any drips and spills.
[Dismiss](#)
- Food Safety Fact**
When transporting perishable foods from your donors, and when distributing to your Clients, the food needs to be kept at 41F or below.
