

New York State and FEMA Open Community Vaccination Sites Statewide

On February 19, New York State [announced](#) its partnership with FEMA to launch a pilot project to establish community vaccination centers (CVCs) in New York State. FEMA will provide resources, operational support, and federal staff to support these centers.

Currently eligible New Yorkers in Brooklyn and Queens can register now. Registration for the Buffalo, Rochester, Yonkers and Albany sites begin at 8 a.m. on Wednesday, February 24. All six sites target underserved communities.

For the first week of scheduling, appointments at these six centers located statewide are initially reserved for New Yorkers living in areas with low vaccination rates in counties and boroughs. Appointments will then be opened to all eligible residents within the borough, county or specified targeted region of the site's location.

| Hours: TBD beginning March 3 | Hours: TBD beginning March 3 |

How to determine eligibility and register

Visit New York's ['Am I Eligible'](#) website or call the state's COVID-19 Vaccination Hotline at:

1-833-NYS-4-VAX (1-833-697-4829)

You can also visit the sites to make an appointment.

Targeted outreach will continue to local community organizations (churches, nonprofits, voluntary organizations, independent living centers) and elected officials within communities with high Social Vulnerability Index ratings to address vaccine equity and hesitancy.

FEMA, in alignment with President Biden’s national plan to respond to COVID-19, will continue to partner with the state of the New York. Together we will ensure every New Yorker who wants a vaccine can get one — equitable access to the COVID vaccine is a top priority.

Please see the February 22 [press release](#) for more information.
